## Doing the business thing

At iiNet we believe good business is built on great communication. What's more, fast internet, smart email/web products and proper technical support will have your business running more efficiently, allowing you to get on with the important work.

## What does my business get?

### ■ Priority support

From our dedicated Business team (6am to 6pm WST Mon-Fri).

### ■ Complimentary computer support

Covering software troubleshooting plus fault resolution for Windows and Apple Mac systems.

### ■ 20 email addresses & 1GB of web space

That's enough for your website and email needs now and down the track.

### ■ Speed

We built our own national high-speed ADSL2+ network delivering the fastest broadband speeds up to 24,000k - as fast as your line can handle.

### ■ Free email virus and spam protection

Included with all iiNet email addresses.

### ■ Peak/ off peak times

For ADSL2+ Business 1 and 2 the peak times are from 8am to 2am. For ADSL2+ Business 3 and 4 the peak times are from 9am to 1am.

### ■ Static IP

Host anything from VPN, web or FTP servers plus we'll throw in an additional block of 4 IP's if you need them.

### ■ Annex M

Boost your upload speeds up to 2.75Mbps. Perfect for sending big files, taking the delay out of video conferencing, running multiline VoIP and more. Annex M can be added to any current Business Broadband2+ plans for a one off fee of \$49.

### ■ No excess usage fees

We won't charge you if you go over your monthly quota, we'll just shape your speed from 256kbps.

## Business Broadband2+

Business Broadband2+ is super fast. We're talking up to 24,000kbps.

Bundle your Business Broadband2+ with an iiNet phone product and we'll throw in a bunch of extras - like bonus quotas and access to great call rates.
