

# iiNet Business Domains & Hosting

## Are you a .com, .net, or .org?

These days having a website is essential for most businesses. Your customers (both current and potential) are online, at all hours, and with a website you can ensure your business never sleeps. Your website can take orders for products or services, or simply provide information and that extra point of contact.

## Domains

A domain is the address where your website can be found on the internet. Whether you're looking for a new domain, or already have one hosted elsewhere, we've got you covered.

### ● Moving your existing domain to iiNet is easy

If you already have a domain, we can arrange a seamless transfer to host it at iiNet, with no additional fees.

### ● Discounts for annual payments

You can even save over 15% on costs if you pay annually instead of quarterly.

Domain	Setup	Quarterly cost	Annual cost
.com.au, .net.au, .org.au, .asn.au	Free	\$60	\$200
.id.au	free	\$30	\$100
.com, .net, .org, .info, .biz, .co.nz, .co.uk, .cc, .tv	\$50	\$60	\$200

## Extra options

### ● Park domains

If there's a domain name you're itching to secure but don't want to host a site on just yet, you can park the name and keep it for 2 years – all for a one-off \$49 fee.

### ● Subdomains

Setup your own mybusiness.iiNet.net.au web address for only \$40 per year.

## iiNet Business Broadband

Our domain and hosting products are only available to customers on an iiNet Broadband plan (excluding park domains). All of our plans come with a huge 1GB of web space, along with;

### ● Priority support   ● 20 Email addresses   ● Complimentary computer support

All this on our national high-speed broadband network that gives you access to broadband2+ speeds, as fast as your line can go.
