MEDIA RELEASE

iiNet set to feel the Fever in 2010

Netball WA is proud to announce that WA based internet service provider iiNet, will be West Coast Fever's Major Sponsor for the 2010 ANZ Championship season.

The newly formed partnership will see iiNet join Fever on an exciting journey in 2010, assisting Western Australia's elite netball team in their endeavours throughout the year.

Initially a one year deal, iiNet will have the opportunity to extend the contract for future seasons.

Maryna Pienaar, iiNet's Chief Customer Officer believes this sponsorship is a positive step forward for both organisations.

"iiNet has been actively involved in the community through sponsorships for many years. We are proud to be aligned with West Coast Fever as well as Netball WA who already give so much back to the community", she said.

Netball WA's Chief Executive officer is also excited about the union.

"We are so pleased to have iiNet as West Coast Fever's Major Sponsor for 2010", he said.

"Fever has come a long way since the inaugural year of the ANZ Championship, and now with the true Western Australian success story of iiNet behind us, we hope to go even further", he said.

This is going to be a thrilling season for netball in Western Australia so join in and support West Coast Fever and iiNet throughout 2010.

West Coast Fever's first home game is at Challenge Stadium on Monday 29 March at 5.05pm.

About iiNet

iiNet was established in 1993 and listed on the ASX in 1999, growing from a small Perth business into the third largest Internet Service Provider in Australia. The company now supports around 800,000 broadband, telephony and dialup services nationwide, with revenues of over \$450m, and proudly employs over 1200 people in Perth, Sydney, Auckland and Cape Town.

iiNet's goal is to lead the market with the best internet access products and then differentiate with genuine, plain speaking customer service. The company has its own high speed ADSL2+ network reaching around 4million households across Australia, the largest Voice over IP network in the country, and is delighted to have led yet again with Naked DSL, recognised by PC User Magazine as the 2007 Product of the Year.
